

## TINTERN PARENT GROUP

### Aims and Objectives

The Tintern Parent Group was established in 2016 when The Tintern Association (est. 1906) and the Southwood Parents Club (est. 1999) merged together when the two Schools came together on the one site.

The group's aims and objectives have remained the same; to support the school in creating a positive school experience for students and their families, other parents and staff as well as supporting various programs and events organised by the School.

The Tintern Parent Group holds monthly meetings to discuss and present upcoming events and activities. All parents and friends are invited to become involved: this is a great opportunity to make friends across the School community and build a spirit of togetherness.
